

# Doubling the size of the City

Area: Mons  
Property City of Mons

---

Photo

Location: Mons

---

Description:

## **Doubling the size of the City:**

We are doubling the size of our city by creating a modern extension of the historic center!

The "Grands'Prés" area is an area of 155 hectares, located less than two kilometres from the Main Square of Mons.

The Grands Prés site is therefore a major axis of development. 2.000 new units of housing will be developed there in the future.
