Croix de Hesbaye (Ramillies)

3 hectares to be developped for real estate projects dedicated to artisans, craftmen, and services with a

strong link to multimodality - focus on the concept of new places of working (NPOW) - project lead by several partners, that is the Municipality, Walloon Brabant Province, in BW, API BW.

Real estate project around the former train station, alongside the cycling path mixing residential, services and workshops for smaller companies. The project is situated at the earstern part of of Walloon Brabant where industrial land and housing is hard to find. Given the quality of the foreseen infrastructure, no doubt that the project will attract numerous propects. The project is moreover supported by key public partners.
