Huy, Verviers, Waremme, Liège...

Together, we embody Greater Liège.

We are—and always have been—a region of innovation and reinvention. A crossroads, open to new perspectives. A diverse region, connected by our rivers, nourished by our exchanges. At the crossroads of Europe, we are a dense, lively, and contrasting region.

What brings us together is stronger than what separates us. Here, ideas circulate, cultures intersect, and experiments come to life and resonate far beyond our borders. Projects take time, sometimes. But above all, they take root. And when they emerge, it is with meaning—and often with brilliance.

We are Greater Liège.

A refreshingly human region of entrepreneurs and adventurers.
