Jaurdina 2 Green Business Park: a strategic and visible business destination

Jaurdina 2 Green Business Park offers an outstanding location for growing companies, with direct access to the N25 and immediate proximity to the E411, ensuring excellent connectivity to Brussels,

Namur and Nivelles.

Developed across three modern buildings, the park features 22 modular SME units ranging from 144 to 495 m², perfectly suited for production, distribution, storage, offices, B2B showrooms or laboratory activities.

Extending directly from Jaurdinia 1, the project creates a coherent and attractive professional environment, combining refined architecture with bright, adaptable interiors. With smooth circulation, landscaped outdoor areas and exceptional visibility along Rue des Sablières—including 12 units with elegant glazed façades—Jaurdinia 2 is designed to strengthen your company's image and support its long-term growth.
