Monnet Innovation Center

Piece of land to be developed for offices, laboratories and storage . Welcomes companies active in biotech, IT, chemistry sectors.

Piece of land at the rear of the Monnet Innovation Center building with excellent visibility from the E411 motorway. We are looking for developpers of buildings dedicated to R et D activities, labs storage and offices. The percel is located in the Louvain-la-Neuve Science Park which welcomes famous companies such as ODOO or IBA. It is a dynamic and green environnement, turned to innovation.
